

# CHERISHED FRAMES

## Personalised Craft Products and Supplies

If you would like to receive your free monthly Kaiser magazine and newsletter from us please email your address to [info@cherishedframes.com](mailto:info@cherishedframes.com) and we will post one out to you.

Don't forget that we can supply you with any craft product or accessory you require, just call or email for a quote.

## NEW – Kids Birthday Invitations

New this month are two kids birthday party invitation sets; Fairies and Pirates. These sets (sold in packs of 10) include the invitations, cupcake toppers, themed confetti, a banner and treat boxes (empty). You can also purchase items individually.

We can also organise a craft project for the kids to do at the party. This comes complete with everything you will need for 10 children to make the project.

As a novel option to help keep your costs down we also offer two levels of DIY kit:

Kit 1 (for the very crafty) – we provide all of paper, a sample and instructions. You cut, print and assemble the invitations etc yourself

Kit 2 (for the crafty but time poor) – everything is printed and cut to size, you just need to assemble (full instructions are included).

Every month we'll release new designs, so keep an eye out online and at the markets.

Pirate and Fairy kits available. Each kit includes invitation and map in a bottle, banner, treasure box treat bag, cupcake toppers, confetti and drink labels  
Kit: from \$8 per child  
Invitation only: from \$0.80 ea

## SALE

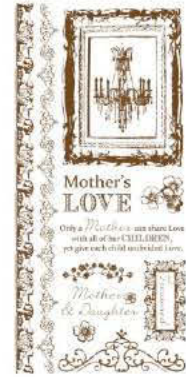

Every month we'll be advertising a range of products for sale at close to wholesale prices.

This month we're offering 20% off our stock Kaiser rub-ons.

We use these a lot for our pages and decorative letters. They are quick and easy to apply and add a professional and classy look to your project. Best of all, they're really cheap, priced from only \$3 for a full sheet of images, phrases and flourishes.

Check our range on Facebook and our website. If you can't find what you're after just let us know, it may just not have made it to the net yet, even if we don't have it we will be able to get it in for you.

## Tool of The Month

This month we're looking at the Sizzix Big Shot. This is a great machine for all scrapbookers. Its sturdy design suits all dies and embossing pads up to 6" wide. The machine comes complete with all of the mats etc you'll need to get started with standard dies and embossing tools.

The Big Shot is made of solid internal components, measures 360mm x 315mm x 170mm

and weighs 3.4kg making it a great desk top machine and sturdy enough to cope with regular use.

RRP \$150, our price \$110

As you would expect there are heaps of different dies available for the Big Shot and we can get all of them for you.

For the more serious scrappers out there have a look at the Big Shot Pro. This machine is HUGE, it suits the biggest 12" dies available and is super heavy duty. RRP of \$650 we can get this for you for \$500. If you're interested and in the area you can even drop by for a demo of our machine.
